London Properties .com

Ever dream of financial independence? Being your own boss? Having a challenging career? Enjoying the respect of others? Expressing your own creativity while working when and how you want? If so, we've got the career for you. It's called Real Estate.

We're **London Properties**, one of America's largest Real Estate companies, and we've been helping people just like you into exciting careers for over 40 years. Best of all, because we offer one of the least expensive and most successful Real Estate training programs in California, the move will be easier than you'd ever imagine. In fact, with our proven track record we will have you up and running in a new lucrative career in just a few short weeks. Perhaps equally important to technical training, **your future success** will depend on your atmosphere and, once again, with **London Properties** you'll find **the best**. You'll have the Valley's most experienced Real Estate team personally helping you succeed. The bottom line is, nobody supports their people like we do! From pre-license preparatory courses to post-license training, computer and technology support, marketing, advertising, and referral networks, we've

built one of the largest Real Estate Companies in America by giving our people nothing but **the best!**

Of course, where much is given, much is expected, and we will expect you to be a **big success**. For ten years running, we have been the only Real Estate firm in the Valley to be ranked among the top 300 Real Estate firms in America. It's simple: we have some of the top producers in Fresno County, and the privilege of working around the Valley's most successful Real Estate people is one of the biggest benefits of working with **London Properties**. There's nothing like watching the success of our industry leaders to help you develop the style and habits to do the same. The synergy is **terrific**, the atmosphere **electric**, and your success is almost **guaranteed**.

Here's all there is to it:

- Attend a regularly scheduled London Properties **Career Evening** where managers and experienced agents can share with you the opportunities, challenges and benefits of a Real Estate career.
- At your own pace, complete an easy **home study** or **live** course, California Real Estate Principles. (We'll be available for questions and concerns throughout the entire process.) You'll also be able to attend London Properties Sales Meetings and interview with our Sales Managers during this same time. (Pre-interviews can help guarantee you a post-licensing position.)
- Complete your practice exam work book and our two-day weekend preparatory exam crash course, and you'll be ready for the State Exam.
- After passing your State Exam (over 90% of our students do), you'll be ready for the **best on-the-job training** in the industry.
